BRIDGE CELEBRATION

Northern and Western points, and were highly entertained by the program. A four-couple cake walking contest by the Old Virginia Cake Walkers, ended the performance.

Supply Men Here.
With the blacksmiths there are about 125 railway supply men, who have brought with them extensive exhibits, and are taking an active part in the entertainment of the convention. Both officers of this association, President J. R. Blaklee, of Cleveland, and Secretary George Hoeft, of New York, arrived here early yesterday morning.

Hugh Timmons, a member of the entertainment committee, was called to his home, Paterson, N. J., yesterday morning by the death of his mother. It is expected that he will come back in time for the final sessions on Friday.

Speakers leaving the Main Street entrance of the Jefferson at 7:15 o'clock this morning will convey the visitors to the Old Dominion wharf, where the Pocahontas will be in readiness to carry them down the river. All meals will be served on board.

A special entertainment, including a buffet luncheon, will be given for the benefit of the women and children tomorrow afternoon in the banquet room at the hotel. The annual banquet will begin at 7 o'clock.

Friday will be the clean-up day, the election of officers and selection of the 1914 convention city coming up at that time.

The national officers of the Blacksmiths' Association, all of whom are now on hand, are: J. T. McSweeney, Baltimore and Ohio Lines, Baltimore, president; H. E. Gamble, Pennsylvania lines, Altoona, Pa., vice-president; A. L. Wordworth, Cincinnati, Hamilton and Dayton, Lima, O., secretary, and T. E. Williams, Chicago and Northwestern, Chicago, chairman of the executive committee.

BOY HELD FOR MURDER.

Lancaster, Va., August 18.—One day last week Mariana Jones, a colored girl, aged sixteen years, was found in a dying condition on a lonely path leading through the woods on the eastern branch of the Corotoman River. She had been shot in the breast with a shot gun, and when found was unconscious. On holding the inquest, evidence was adduced to implicate Wesley Jones, a colored boy living in the neighborhood, who was arrested and taken before Justice Pinckard, who committed him to jail to await the action of the grand jury. The girl was returning home from the store of George R. McKenney when she was killed.

COMMITTEES FROM BUSINESS MEN'S ASSOCIATION AND CHAMBER CONFERENCE

Councilman John W. Moore and F. B. Dunford, representing the South Richmond and Chesterfield Business Men's Association, held a conference in the Chamber of Commerce yesterday afternoon with a committee from the Chamber, at which plans for a celebration of the opening of the new Mayo Bridge were discussed. A committee was appointed to take the matter up with the Mayor, the Administrative Board and other officials, in order that the city may have a hand in the affair.

A joint conference of the Business Men's Association of the Southside and a committee from the Chamber of Commerce, of which J. T. Palmatary is chairman, will be held early next week. At this meeting all details of the big demonstration, which will mark the opening of Richmond's new bridge to the public, will be planned. Arrangements are to be made for a parade along the principal streets.

Since the question was first taken up at the last meeting of the Business Men's Association, interest had somewhat abated, as no action was taken for some time. Councilman Moore and Mr. Palmatary have given assurance, however, that they will do all in their power to make the affair a success, and are practically sure that it will be held. As soon as the committee is ready to make its report, President D. L. Toney will call a meeting of the Southside organization to pass on the question.

The new bridge is now nearly completed, and, if there are no delays, it will be turned over to the city on September 1.

Rain Comes Opportunely.

Coming after a prolonged dry spell, the heavy rain yesterday afternoon was welcomed by Chesterfield farmers. One prominent citizen of the county, who is the owner of a farm of several hundred acres, said that he expected to harvest a good crop this year, despite the dry season. The showers yesterday are reported to have greatly helped the corn crop, which is rather late this year. As far as could be ascertained, no severe damage was done by the electrical storm which accompanied the rain. Only a few telephone poles and wires were blown down.

Fighters Are Sent On.

H. Filieux, charged with making a felonious assault on T. J. Maxey, a fellow workman, was sent on to await action by the grand jury by Magistrate L. B. Franklin yesterday morning in Police Court, Part II. The weapon used was a two-foot monkey wrench. On a cross warrant sworn out by Filieux, charging assault, Maxey was fined \$5. Both of the men are employed in the plant of the Standard Oil Company, at Second and Stockton Streets.

Leaves for Wife's Bedside.

In response to a telegram announcing that his wife was very ill and not expected to live, John H. Latham, of 1601 Hull Street, left Monday night for Niagara Falls, where Mrs. Latham has been staying.

Alleged Housebreaker to Grand Jury.

Scott McCargo, colored, charged with entering the house of John Branch, 422 Hull Street, was held for the grand jury yesterday by Magistrate Franklin in Police Court, Part II. The negro is said to have stolen a watch, razor and suit of clothes.

B. H. Griffin and "Jim" Planze were fined \$5 and costs for fighting in a saloon.

E. C. Dickson, who was arrested by Policeman R. L. Dunnivant Monday night as a deserter from the United States Navy, was ordered to be held for ten days pending an investigation. His record will be looked up, and the authorities communicated with regarding his identity.

Sues Railway Company.

Suit for damages in the sum of \$2,500 was entered yesterday with Clerk Walter E. Duval, in Hustings Court, Part II, by P. M. Houston for Willie C. Houston, a minor, against the Virginia Railway and Power Company. The action is one of trespass on the case for alleged injuries.

Revival Services in County.

Rev. J. W. Kincheloe, pastor of Weatherford Memorial Baptist Church, is conducting a series of revival services at Mount Harmon Baptist Church, in Chesterfield County. Much interest has been taken in the meetings. Protracted meetings are also being held in Bethlehem Baptist Church, Chesterfield County. The services will continue all the week.

Parcel Post on Increase.

Judging from the number of packages offered at Manchester postal station for mailing in the last few days, the new parcel post system inaugurated last Thursday will prove a big success. Both on the rural routes and the city deliveries there has been a large increase in the postal business. South Richmond merchants are taking advantage of the low rate and increased weight limit, and are sending most of their parcels in this manner to near-by customers.

General News Notes.

The annual German picnic will be held to-day at the schoolhouse on the Bon Air Road. The grounds are scheduled to open at 10 o'clock, closing at 11 in the evening.

Odds and Ends From the Wire

LEE'S OUTLOOK BURNED.

Lightning Destroys Cupola From Which He Directed Gettysburg.

Gettysburg, Pa., August 19.—The cupola of the old seminary, from which General Lee directed the movements of the Confederate forces during the battle of Gettysburg, was struck by lightning in a terrific storm yesterday and was burned, destroying one of the principal landmarks of the historic field. During the progress of the storm, which lasted almost an hour, three separate showers of hail fell, some of the pellets being as large as shellbuds. So heavy was the downpour of rain that the streets in the lower portions of the town were completely submerged.

Sharp strokes of lightning followed one another in rapid succession, knocking chimneys down and doing other minor pranks. The storm seems to have swept the entire western end of the county, reports having been received of fires from lightning at different places from town to the borders of the county.

A circus which was showing here yesterday was caught in the storm and the canvas blown to the ground and ripped into ribbons. Several of the finest horses were caught in the crash of the falling poles and canvas and killed.

RICH GIRL BECOMES A NURSE.

Miss Elsie Burr, Pretty Boston Debutante, Enters Children's Hospital.

Boston, August 19.—Miss Elsie Burr, one of the wealthiest young girls in Boston, has begun work as a nurse at the Children's Hospital in Huntington Avenue. Miss Burr was one of the prettiest debutantes last winter. Her father, I. Tucker Burr, of the banking house of Parkman & Burr, gave her an elaborate coming-out party at the Copple Plaza, and a brilliant social career was predicted for her. But she announced her determination of following the lead of a number of other Vincent girls by leaving a purse, and in preparation for her training at the Children's Hospital spent the most of the early summer at the hospital on Children's Island, Marblehead.

GYPSIES' CAPTIVE SEVENTEEN YEARS.

Watertown, N. Y., August 19.—Word reached yesterday that Frederick Broseau, aged twenty-four, who was kidnapped by gypsies nearly seventeen years ago, had been restored to his parents, Mr. and Mrs. John Broseau, of Sissonville, St. Lawrence County. They had long mourned him as dead.

On October 14, 1896, when only seven years old, young Broseau left home to meet his father, who was in the village of Sissonville. About a week ago a young man deserted from the band of gypsies in the Canadian wilds, and took refuge with the Monks of Oku, whose isolated monastery is forty miles from Montreal. He could remember nothing of his history before becoming a member of the band, except that he had been called Fred. Two of the band's leaders in Northern New York.

The presence of the wanderer was reported by the monks to the Montreal police, and an aunt of the young man recognized his picture in a newspaper. The parents were notified and sent to Montreal, where they positively identified Broseau by a birth mark. He is being detained by the police as a witness against some of the gypsies who are under arrest charged with kidnapping.

BOY SHOT IN FEAR RAID.

Easton, Pa., August 19.—Ralph Fielding, aged fourteen, this city, is in the Easton Hospital suffering from three bullet wounds. With two companions Fielding took a walk in Williams township until they came to an apparently untenanted farm. Near the roadway was a tree heavily burdened with pears, and the ground beneath the tree was littered with pears that had dropped.

Climbing the fence, the boys began helping themselves to the fruit of the tree. When a man suddenly walked from a thicket and began shooting at them.

Two of the youths lodged in Fielding's right thigh and another passed through the lobe of his ear. When the boy fell to the ground the man disappeared.

LOST BOY HELPLESS ON STACK.

York, Pa., August 19.—Howard Trimmer, a seventeen-year-old East Berlin boy, who had been missing since last Friday morning, was found last night lying upon the top of a haystack on the farm of Samuel Mumert. He was almost unconscious from lack of food and drink and has up to this time been able to give no clear account of his conduct. Congregations of all the churches in the vicinity participated in the hunt for him.

CARRIES HIS BODY ON BURRO.

Grizzly Gulch, Cal., August 19.—A tired little hiker, leading a burro with a top-saddled pack came down the mountain into this camp yesterday, and in a few minutes was transformed into a fruitful hero. Every man in the street helped to undo the harness which fastened a plank coffin to the pack saddle and carry it into a house, where the little woman, who had not wept at all, cried her heart out over the body of her husband.

Her name, she presently told her new friends, was Mary Strubling. Her husband, aged fourteen, this city, is in the Easton Hospital suffering from three bullet wounds.

P. T. Strubling, a prospector, was killed, and his partner was badly hurt last Friday in a cave-in on their claim. She made the injured man as comfortable as she could, placed provisions where he could reach them and then built the coffin around her husband's body and succeeded in getting it on the burro's back. She walked twenty-four hours with hardly a halt to reach Grizzly Gulch, where her husband might be buried with suitable rites. All had been sent to the injured man.

BOYS' TEARS FREE MOTHER.

Tender of Week's Wages for Drinking Fine Moves Judge.

Chester, Pa., August 19.—An incident full of pathos took place in Magistrate's Elliott's office yesterday, when two boys entered, the elder about fifteen, pulling a little roll of money from his pocket and tendering it with the remark: "We would like to pay our mother's fine and take her home." With that the boys began to weep.

The mother, who is addicted to drink, was arrested in a recent raid and in default of a fine and costs imposed on her, was committed to Media jail. Her oldest son, who professed the magistrate his whole week's earnings for her release, is employed in a mill.

The boys wept with joy when Magistrate Elliott handed back the money and made arrangements for the mother's release. He communicated with Mayor Ward and it was decided to return the fine.

The woman returned to her home with her sons and promised to make an effort to leave drink alone and look after her home. The last request of the oldest boy was: "Mr. Elliott, can't she put on the Indian list?"

This has been done, and now she will not be able to buy kink at a hotel.
